- SSP Stainless Steel Pushbutton Enclosures up to IP67
- H Hygienic Electrical Enclosures IP69K
- HTB Hygienic Terminal Boxes IP69K
- HPB Hygienic Pushbutton Enclosures IP69K

IP ENCLOSURES warrants that the Goods conform to specification as at time of delivery and will be new and free from defects in material and workmanship. IP ENCLOSURES further warrants that it will repair or replace, in its sole discretion, any defects in material or workmanship which become apparent within 5 years from the date of delivery.

Notwithstanding the above, IP ENCLOSURES shall be under no liability in respect of any defect arising from any customer-provided drawings, designs or specifications. Any defect arising from fair wear and tear, wilful damage, negligence, abnormal working conditions, misuse, alteration or repair, exposure to saltwater environments, or exposure to corrosive chemicals, without consent will render all claims null and void.

Any claims under this warranty must be made in writing within one month of occurrence of the defect. Any further claims, particularly claims for damages, are not covered by the warranty. Parts delivered as or for replacement are new or equivalent and in operative condition. Original parts shall be returned and will become property of the manufacturer.

Conditions for warranty cover:

1. The equipment has been used for its intended use.
2. The equipment can be identified by means of identification label, brand marking or evidence that it is an IP ENCLOSURES product.
3. The equipment has not been modified in any way, unless authorised by IP ENCLOSURES.
4. The equipment has not been affected by external factors such as vandalism, intentional or accidental damage, fire etc.
5. The equipment has not been damaged during handling, assembly, fitting or installation.

IP ENCLOSURES shall not be liable for any injury, loss or damage (whether direct or consequential) arising from any defect in, or in the operation of, any Goods or part thereof, or from loss of use thereof caused by any act or omission of IP ENCLOSURES or its agents.
